** Maps of Containment Zones is Annexed

MAHANAGARA PALIKE

“A” Containment Zone limits will be 100 Meters radius around the COVID-19 Positive Case premise.

“AP” Containment Zone limits will be the entire Apartment Block/Building.

“CL” Containment Zone limits will be as defined in the Map Annexed.

The following action shall be taken immediately in the aforementioned Containment Zone:-

Activities:

A. Crisis Management Team

- ✓ Incident Commander – Crisis Management Team: He will be responsible for overall management of the Containment Zone and Buffer Zone.
- ✓ Incident Command Centre would be the Ward Office of BBMP.
- ✓ Logistic Support to Incident Commander shall be provided by BBMP.
- ✓ Joint Commissioner, Zone shall ensure that all necessary support from engineering, solid waste management, health and revenue teams of BBMP is provided to the Incident Commander.

B. Special Health Needs:

- ✓ Health Authorities shall identify and list persons requiring special needs (Pregnancies, Cardiac Disease and other serious ailment) in Containment Zone with the help of Resident Welfare Association for the Building/ Area placed under Containment Zone.

C. Perimeter Control

- ✓ Police Authorities will have to cordon off all entrances and not entail any person coming out of Containment Zone for any purpose.
- ✓ There will be only one entry and exit for each Containment Zone. No Private Vehicle would be allowed inside or outside the Containment Zone.
- ✓ Police Authority to ensure that there is complete sealing of the Area.
- ✓ Police to undertake complete curfew management and allow essential services and medical emergencies. Police Authorities can use Drone and other technologies in Containment Zone for total lockdown.
- ✓ There shall be restriction on the movement of persons even inside the Containment Zone.

D. Surveillance and Preventive:-

- ✓ Health Authorities shall immediately start Surveillance and Preventive activities and establish Health Outpost with necessary field staff for health screening along with intensive Information, Education & Communication campaign.

MAHANAGARA PALIKE

- ✓ Contact Tracing & Tracking as per protocol and immediate shifting of High Risk Contacts to institutions and subjecting Low Risk Contacts to Home Quarantine is to be done. (Low Risk to be moved to Institutions based on the area in which they are residing like slums).
- ✓ Testing of Swab Samples of High & Low Risk Contacts.
- ✓ Health profiling of entire population to find Influenza like Symptoms and Severe Acute Respiratory Illness and subject them to necessary treatment.
- ✓ Shifting of Secondary Contacts (Low Risk Contacts) from Home to Institutional Quarantine (Hotels) in case of slums identified in CL- 2 & 3.

E. Solid Waste Management:

- ✓ Solid Waste Management Authorities to ensure daily Waste management that is inclusive of Bio-Medical Waste Management and ensure spraying of disinfectant in the Containment Zone.
- ✓ Power Sprayers, Drone Sprays and Jetting Machines etc. shall be deployed extensively in the Containment Zones for effective and sustained sanitization of the area.

F. Essentials: In view of restriction of movement of persons residing in the Containment Zone both inside as well as outside the Containment Zone, it is imperative to ensure that the essential commodities are made available at their door step.

- ✓ BBMP to ensure provision of drinking water in case of shortage by coordinating with BWSSB.
- ✓ To ensure house to house provisioning of essential supplies and services.
- ✓ Food Packets and Ration provisioning for the needy in the Zone.
- ✓ Provision of Ration by Fair Price Shops at door step of the card holder.
- ✓ Provision of daily necessities like Milk, Newspaper, Vegetables, Groceries, Bread Products, Meat etc. is to be planned in a manner which takes into account time of requirement of such commodities and if an area/ cluster is large it can be further subdivided for the purpose of supplying essentials.

G. Miscellaneous

- ✓ Zonal Joint Commissioner, BBMP shall ensure that food arrangements are made to all staff deployed in the Containment Zone.
- ✓ Zonal Joint Commissioner, BBMP shall ensure marking of outer limit of Containment Zone in Area and Cluster Containment Zone with White Paint / any conspicuous way so as to facilitate the Police in barricading for effective Perimeter Control.
- ✓ Safety of the staff deployed in the containment zone shall be ensured by making available triple layered masks, gloves and sanitizers.

- ✓ Personnel deployed in the Containment Zone other than Police Personnel shall be provided with a Jacket for easy identification of such persons in the Containment Zone.
- ✓ BBMP to enlist service providers like plumber, electrician, gas agency so as to facilitate any inconveniences.
- ✓ BBMP to ensure mass IEC activities like loud speaker announcement, distribution of pamphlets and posters , engagement of electronic, print and social media for creating awareness on social distancing, signs and symptoms of disease, inculcation of healthy habits, nutrition etc.

H. Buffer Zone Management:

Intensive Buffer Zone will be 1 km radius wherein house to house screening will be done by health authorities. Health authorities will conduct active surveillance and social distancing measures in the Buffer Zone.

Incident Commander of the Containment Zone will be responsible for management of the Buffer Zone as well.

Social Distancing measures in area around Containment Zone in the buffer zone must be strictly enforced by Police and no public function / gathering is to be allowed in the buffer zone and use of masks to be enforced.

Surveillance by Health Team to find Influenza Like Illness and Severe Acute Respiratory Illness and managing the same through Fever Clinic or Isolation depending on the case.

Incident Command System will be as follows:

Sl. No.	Zone	Incident Commander Name, Designation & Contact No.	Containment Zone – Ward Name	Supervisor Name and Designation	Contact No.
1	East	Dr Mahesh, KAS, GM(Admin & HR), BESCOM, Bengaluru 94484-92187	18 (CL-01)	Sri Ashok, EE (Hebbal)	90350-09919
